Contents:

Introduction.....	2
Assignment 1	3
Date : 05-09-2021	3
Hours Justification	4

Introduction:

I am going to create a website for vr bikes from where people can buy virtual reality bikes and also they will get all the information regarding this bike like how does it works, how to ride this bike ,how much it costs ,what's the speciality of that bike these kind of stuffs.

I targeted mainly young and old people those who want both recreation and exercise at a time

Assignment 1:

Date: 05-09-2021

Today first I have finished my Project proposal and then I have created the first page of the website by using figma and now I am making this assignment .

I have done my assignments by using these two tools figma and ms word . I have done the work because it's the layout of my final project.

When I was using figma everything was unfamiliar to me . That's why I needed to try some stuff for many times . But still I was unsuccessful . But when I got the help from youtube then everything became clear to me.

VR Bikes

Target Group: Mainly I have targeted to the young and old people.

Characteristic of the target group:

1. Want to do both recreation and exercise at a time
2. Doing workout at home in a bad weather.
3. Love to play games
